

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement accuracy ever since the year 1959. The Lull telehandler can really help make the job easier and faster, whether the task entails transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Various optional attachments is obtainable for Lull telehandlers to help finish whichever work.
